MOHAWK INDUSTRIES, INC. ANNOUNCES SECOND QUARTER EARNINGS

Calhoun, Georgia, July 20, 2005 - Mohawk Industries, Inc. (NYSE:MHK) today announced 2005 second quarter net earnings of \$93,811,000 and diluted earnings per share (EPS) of \$1.39 (both 8% above last year). This compares to \$87,158,000 in net earnings and \$1.29 in EPS for the second quarter of 2004. Net sales for the quarter were \$1,624,692,000 in 2005 compared to net sales of \$1,485,897,000 in 2004, an increase of 9%. The growth in EPS resulted from selling price increases, lower selling, general and administrative expenses as a percent of net sales and growing hard surface sales partially offset by continuing raw material and energy cost increases. The net sales growth was attributable to price increases and internal growth. The Mohawk segment net sales of \$1,184,914,000 in the second quarter of 2005 were up 7% from \$1,105,493,000. This was primarily attributable to increases in prices as well as growth in commercial and hard surface sales. The Dal-Tile segment net sales of \$439,778,000 in the second quarter grew 16% from \$380,404,000 primarily as a result of internal growth and improved product mix.

EPS for the first half of 2005 was \$2.42 and net earnings were \$163,831,000 (both 7% above last year) compared to EPS of \$2.27 and \$153,465,000 in net earnings for the first half of 2004. This increase in EPS and net earnings is attributable to selling price increases, lower selling, general and administrative expenses as a percent of net sales and growing hard surface sales partially offset by continuing raw material and energy cost increases. Net sales for the first half of 2005 were \$3,117,914,000, representing an 8% increase over the first half of 2004 sales of \$2,875,622,000. This sales growth was attributable to price increases and internal growth.

In commenting on the quarter results, Jeffrey S. Lorberbaum, Chairman and CEO, stated, "Mohawk turned in another strong performance for the quarter. I am especially pleased with the excellent Dal-Tile performance which continues to exceed our expectations. The 15.8% operating margin is one of the highest we have recorded. Our investments in Dal-Tile including the expansion of our manufacturing plants in Muskogee and Mexico, adding distribution points and opening new design galleries are continuing as planned. This should support continued growth in the ceramic tile business and increase capacity to satisfy our customers' requirements.

The Mohawk segment also reported good results for the quarter with both the commercial and residential new construction business expanding as demand remains strong. We continue to broaden our carpet tile offerings through our Lees and Mohawk brands. Carpet tile is a growing category among designers and architects. Our retail replacement business was soft during the quarter as a result of fewer consumers shopping in retail stores. Sales of our Home products are still under pressure as we have exited some marginal products and some customers have reduced their inventory levels. The profitability is in line with the Mohawk segment and we are investigating alternatives to maximize our business.

Price increases were implemented in the second quarter as a result of raw material and energy cost increases. This impacts our margins as the timing of price increases lags behind the cost increases. Many of the raw material cost increases appear to have moderated during the quarter. However, increases in oil costs and worldwide commodity demand could further affect our costs.

Our new SmartStrand™ carpet introduction with Dupont™ Sorona® is being implemented across the country and has been well received in the marketplace. The product is targeted for the mid to high-end market with comprehensive merchandising and advertising programs. Many of the sample displays are in the process of being installed across the country. Additional products will be introduced by the end of the year.

I am also proud to announce that Mohawk won two awards at Neocon, the national commercial show, for innovative products in our Karastan and Lees divisions. In addition, FloorCovering News presented Mohawk awards for the Carpet Manufacturer of the Year and the Overall Floorcovering Manufacturer of the Year.

We recently announced the acquisition of Unilin, who is leader in high-end laminate in both the U.S. and European market. We expect to close in the fourth quarter this year. This is the second significant step, after our 2002 Dal-Tile acquisition, in broadening our participation in the hard surface flooring market. Unilin is the only fully integrated U.S. manufacturer with a history of innovation and cutting edge products. Unilin's management will remain in place and lead our laminate efforts.

Our leverage at 24% debt to capitalization provided the opportunity to acquire Unilin. We are in the process of obtaining regulatory approvals for the combination in the United States and Europe. The combined management team is developing a long-term strategy to maximize our laminate business. We expect the acquisition to be slightly accretive in 2006."

A strong housing market and declining unemployment continue to support the overall economy. Our business in the residential new construction and commercial markets has continued to show strength. Other economic factors such as high oil and gasoline prices have affected our retail replacement business. Future raw material and energy prices are not predictable and may affect our industry. After considering these factors, the third quarter earnings forecast is from \$1.71 to \$1.80 EPS.

Certain of the statements in the immediately preceding paragraphs, particularly anticipating future performance, business prospects, growth and operating strategies, proposed acquisitions, and similar matters, and those that include the words "believes," "anticipates," "forecasts," "estimates," or similar expressions constitute "forward-looking statements." For those statements, Mohawk claims the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. There can be no assurance that the forward-looking statements will be accurate because they are based on many assumptions, which involve risks and uncertainties. The following important factors could cause future results to differ: changes in economic or industry conditions; competition; raw material and energy prices; timing and level of capital expenditures; integration of acquisitions; introduction of new products; rationalization of operations; and other risks identified in Mohawk's SEC reports and public announcements.

Mohawk is a leading supplier of flooring for both residential and commercial applications. Mohawk offers a complete selection of broadloom carpet, ceramic tile, wood, stone, laminate, vinyl, rugs and other home products. These products are marketed under the premier brands in the industry, which include Mohawk, Karastan, Ralph Lauren, Lees, Bigelow, Dal-Tile and American Olean. Mohawk's unique merchandising and marketing assist our customers in creating the consumers' dream. Mohawk provides a premium level of service with its own trucking fleet and over 250 local distribution locations.

There will be a conference call Thursday, July 21, 2005 at 11:00 AM Eastern Time.

The telephone number to call is 1-800-603-9255 for US/Canada and 1-706-634-2294 for International/Local.

A conference call replay will also be available until Friday, July 29, 2005 by dialing 1-800-642-1687 for US/local calls and (706) 645-9291 for international calls and entering Conference ID # 7842048.

DATE FOR FUTURE PRESS RELEASE AND CONFERENCE CALL:
