Interim Reporting

The accompanying unaudited Condensed Consolidated Financial Statements have been prepared in accordance with instructions to Form 10-Q and do not include all of the information and footnotes required by U.S. generally accepted accounting principles (“U.S. GAAP”) for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. These statements should be read in conjunction with the Consolidated Financial Statements and notes thereto, and the Company’s description of critical accounting policies, included in the Company’s 2022 Annual Report on Form 10-K, as filed with the Securities and Exchange Commission. Results for interim periods are not necessarily indicative of the results for the year.

2. Acquisitions*2023 Acquisitions*

During the first quarter of 2023, the Company completed the acquisitions of two ceramic tile businesses in Brazil and Mexico within Global Ceramic for \$519,310. The Company’s acquisitions resulted in a goodwill allocation of \$86,786. A portion of the goodwill is expected to be deductible for tax purposes. The factors contributing to the recognition of the amount of goodwill are based on several strategic and synergistic benefits that are expected to be realized from the acquisitions. These benefits include opportunities to improve the Company’s ceramic performance by leveraging best practices, operational expertise, product innovation and manufacturing assets across the segment. The following table presents the preliminary allocation of the purchase price by major class of assets acquired and liabilities assumed as of the acquisition date.

	Amounts recognized as of the acquisition date
Working capital	\$ 108,177
Property, plant and equipment	336,137
Tradenames	38,539
Customer relationships	2,010
Goodwill	86,786

Deferred tax liabilities	(19,006)
	526,571
Less: cash acquired	(7,261)
Net consideration transferred (net of cash acquired)	\$ 519,310

The purchase price allocation is preliminary until the Company obtains information necessary to finalize its valuation of the fair value of net assets acquired during the measurement period. The supplemental pro forma information is immaterial to the Company’s financial statements.

2022 Acquisitions

During the third and fourth quarters of 2022, the Company completed two acquisitions in Flooring North America (“Flooring NA”) for \$164,475. The Company’s acquisitions resulted in a goodwill allocation of \$60,738 and intangible assets subject to amortization of \$19,900. Approximately half of the goodwill is deductible for tax purposes. During the third and fourth quarters of 2022, the Company also completed three acquisitions in Flooring Rest of the World (“Flooring ROW”) for \$47,964, which resulted in a goodwill allocation of \$11,542 and intangible assets subject to amortization of \$3,376. 3. Revenue from Contracts with Customers

Contract Liabilities

The Company records contract liabilities when it receives payment prior to fulfilling a performance obligation. Contract liabilities related to revenues are recorded in accounts payable and accrued expenses on the accompanying Condensed Consolidated Balance Sheets. The Company had contract liabilities of \$68,409 and \$72,572 as of April 1, 2023 and December 31, 2022, respectively.

Performance Obligations

Substantially all of the Company’s revenue is recognized at a point in time when the product is either shipped or received from the Company’s facilities and control of the product is transferred to the customer. Accordingly, the Company does not recognize a significant amount of revenue from performance obligations satisfied, or partially satisfied, in prior periods, and the amount of such revenue recognized during the three months ended April 1, 2023 and April 2, 2022 was immaterial.

Costs to Obtain a Contract

The Company incurs certain incremental costs to obtain revenue contracts. These costs relate to marketing display structures and are capitalized when the amortization period is greater than one year, with the amount recorded in other assets on the accompanying Condensed Consolidated Balance Sheets. Compensation expense is recognized on a straight-line basis over the awards' estimated lives for fixed awards with ratable vesting provisions.

The Company granted 231 restricted stock units ("RSUs") at a weighted average grant-date fair value of \$103.02 per unit for the three months ended April 1, 2023. The Company granted 189 RSUs at a weighted average grant-date fair value of \$137.99 per unit for the three months ended April 2, 2022. The Company recognized stock-based compensation expense related to the issuance of RSUs of \$5,033 (\$3,724 net of taxes) and \$5,655 (\$4,184 net of taxes) for the three months ended April 1, 2023 and April 2, 2022, respectively, which has been allocated to cost of sales and selling, general and administrative expenses. Pre-tax unrecognized compensation expense for unvested RSUs granted to employees, net of estimated forfeitures, was \$31,830 as of April 1, 2023, and will be recognized as expense over a weighted-average period of approximately 2.16 years.

13. Income Taxes

For the three months ended April 1, 2023, the Company recorded income tax expense of \$28,943 on earnings before income taxes of \$109,219 for an effective tax rate of 26.5%. For the three months ended April 2, 2022, the Company recorded income tax expense of \$61,448 on earnings before income taxes of \$306,882, for an effective tax rate of 20.0%. The increase in the effective tax rate was primarily driven by the Company's geographic dispersion of profits and losses for the respective periods, the write-off of an income tax receivable no longer expected in the three months ended April 1, 2023 and an Italian benefit associated with the release of an uncertain tax liability in the three months ended April 2, 2022, partially offset by lower earnings before income taxes.

15. Earnings Per Share

Basic earnings per common share is computed by dividing net earnings available to common stockholders by the weighted average number of common shares outstanding during each period. Diluted earnings per common share assumes the exercise of outstanding stock options and the vesting of RSUs using the treasury stock method when the effects of such assumptions are dilutive. A reconciliation of net earnings attributable to Mohawk Industries, Inc. and weighted-average common shares outstanding for purposes of calculating basic and diluted earnings per share is as follows:

	Three Months Ended

16. Segment Reporting

The Company has three reporting segments: Global Ceramic, Flooring NA and Flooring ROW. Global Ceramic designs, manufactures, sources and markets a broad line of ceramic tile, porcelain tile, natural stone tile and other products including natural stone, porcelain slabs and quartz countertops, which it distributes primarily in North America, Europe, Brazil and Russia through various selling channels, which include company-owned stores, independent distributors and home centers. Flooring NA designs, manufactures, sources and markets its floor covering products, including broadloom carpet, carpet tile, carpet cushion, rugs, laminate, vinyl products, including luxury vinyl tile (“LVT”) and sheet vinyl, and wood flooring, all of which it distributes through its network of regional distribution centers and satellite warehouses using Company-operated trucks, common carriers or rail transportation. The Segment’s product lines are sold through various channels, including independent floor covering retailers, independent distributors, home centers, mass merchandisers, department stores, shop at home, online retailers, buying groups, commercial contractors and commercial end users. Flooring ROW designs, manufactures, sources, licenses and markets laminate, vinyl products, including LVT and sheet vinyl, wood flooring, roofing panels, insulation boards, medium-density fiberboard (“MDF”) and chipboards, which it distributes primarily in Europe, Russia, Australia and New Zealand through various channels, including independent floor covering retailers, independent distributors, company-owned distributors, home centers, commercial contractors and commercial end users.

The accounting policies for each operating segment are consistent with the Company's policies for the Consolidated Financial Statements. Amounts disclosed for each segment are prior to any elimination or consolidation entries. Corporate general and administrative expenses attributable to each segment are estimated and allocated accordingly. Segment performance is evaluated based on operating income.

17. Commitments and Contingencies

From time to time in the regular course of its business, the Company is involved in various lawsuits, claims, investigations and other legal matters. Except as noted below, there are no material legal proceedings pending or known by the Company to be contemplated to which the Company is a party or to which any of its property is subject.

Perfluorinated Compounds (“PFCs”) Litigation

In September 2016, the Water Works and Sewer Board of the City of Gadsden, Alabama (the “Gadsden Water Board”) filed an individual complaint in the Circuit Court of Etowah County, Alabama against certain manufacturers, suppliers, and users of chemicals containing specific PFCs, including the Company. In May 2017, the Water Works and Sewer Board of the Town of Centre, Alabama (the “Centre Water Board”) filed a similar complaint in the Circuit Court of Cherokee County, Alabama. The Gadsden Water Board and the Centre Water Board both sought monetary damages and injunctive relief claiming that their water supplies contain excessive amounts of PFCs. Certain defendants, including the Company, filed dispositive motions in each case arguing that the Alabama state courts lack personal jurisdiction over them. These motions were denied. In June and September 2018, certain defendants, including the Company, petitioned the Alabama Supreme Court for Writs of Mandamus directing each lower court to enter an order granting the defendants’ dispositive motions on personal jurisdiction grounds. The Alabama Supreme Court denied the petitions on December 20, 2019. Certain defendants, including the Company, filed an Application for Rehearing with the Alabama Supreme Court asking the court to reconsider its December 2019 decision. The Alabama Supreme Court denied the application for rehearing. On August 21, 2020, certain defendants, including the Company, petitioned the Supreme Court of the United States for review of the matter. On January 19, 2021, the Supreme Court denied the defendants’ petition for review. On October 14, 2022, the Gadsden Water Board settled its claims against Mohawk Industries, Inc. and Mohawk Carpet, LLC. On March 21, 2023, the Centre Water Board settled its claims against Mohawk Industries, Inc., Mohawk Carpet, LLC, and Aladdin Manufacturing Corporation. In April 2023, Shelby County, Alabama and Talladega County, Alabama filed a complaint in the Circuit Court of Talladega County, Alabama against Aladdin Manufacturing Corporation, Aladdin Manufacturing Corporation of Alabama, LLC, Mohawk Carpet, LLC, and Mohawk Industries, Inc., among other defendants, that contains allegations substantially similar to those that were made by the Gadsden Water Board and Centre Water Board. This case remains pending.

In December 2019, the City of Rome, Georgia (“Rome”) filed a complaint in the Superior Court of Floyd County, Georgia that is similar to the Gadsden Water Board and Centre Water Board complaints, again seeking monetary damages and injunctive relief related to PFCs. Also in December 2019, Jarrod Johnson filed a putative class action in the Superior Court of Floyd County, Georgia purporting to represent all water subscribers with the Rome (Georgia) Water and Sewer Division and/or the Floyd County (Georgia) Water Department and seeking to recover, among other things, damages in the form of alleged increased rates and surcharges incurred by ratepayers for the costs associated with eliminating certain PFCs from their drinking water. In January 2020, defendant 3M Company removed the class action to federal court. The Company filed motions to dismiss in both of these cases. On December 17, 2020, the Superior Court of Floyd County denied the Company’s motion to dismiss in the Rome case. On September 20, 2021, the Northern District of Georgia denied the Company’s motion to dismiss in the class action.

The Company denies all liability in these matters and intends to defend all pending matters vigorously.

Putative Securities Class Action

On January 3, 2020, the Company and certain of its executive officers were named as defendants in a putative shareholder class action lawsuit filed in the United States District Court for the Northern District of Georgia (the “Securities Class Action”). The complaint alleged that defendants violated the Securities Exchange Act of 1934 and Rule 10b-5 promulgated thereunder by making materially false and misleading statements and that the officers are control persons under Section 20(a) of the Securities Exchange Act of 1934. The complaint was filed on behalf of shareholders who purchased shares of the Company’s common stock between April 28, 2017 and July 25, 2019 (“Class Period”). On June 29, 2020, an amended complaint was filed in the Securities Class Action against Mohawk and its CEO Jeff Lorberbaum, based on the same claims and the same Class Period. The amended complaint alleges that the Company (1) engaged in fabricating revenues by attempting delivery to customers that were closed and recognizing these attempts as sales; (2) overproduced product to report higher operating margins and maintained significant inventory that was not salable; and (3) valued certain inventory improperly or improperly delivered inventory with knowledge that it was defective and customers would return it. On October 27, 2020, defendants filed a motion to dismiss the amended complaint. On September 29, 2021, the court issued an order granting in part and denying the defendants’ motion to dismiss the amended complaint. Defendants filed an answer to the amended complaint on November 12, 2021, and fact discovery commenced. On January 26, 2022, Lead Plaintiff moved for class certification, to appoint itself as class representative, and for appointment of class counsel. The court granted plaintiff’s motion for class certification on November 28, 2022. On December 13, 2022, the parties reached an agreement in principle to settle the Securities Class Action for \$60,000, of which a significant portion is covered by insurance, in exchange for the dismissal and a release of all claims against the defendants (the “Agreement”). The Agreement, which is subject to court approval, is without admission of fault or wrongdoing by defendants. On February 6, 2023, the court issued an order granting Lead Plaintiff’s motion to preliminarily approve the settlement and setting May 31, 2023 as the date of the final settlement hearing. The Company believes the allegations in the Securities Class Action are without merit.

Government Subpoenas

As previously disclosed, on June 25, 2020, the Company received subpoenas issued by the U.S. Attorney’s Office for the Northern District of Georgia (the “USAO”) and the U.S. Securities and Exchange Commission (the “SEC”) relating to matters similar to the allegations of wrongdoing raised by the Securities Class Action. The Company’s Audit Committee, with the assistance of outside legal counsel, conducted a thorough internal investigation into these allegations. The Audit Committee has completed the investigation and concluded that the allegations of wrongdoing are without merit. The USAO and SEC investigations are ongoing, and the Company is cooperating fully with those authorities. The Company will continue to vigorously defend against the allegations of wrongdoing and does not believe they have merit.

Delaware State Court Action

The Company and certain of its present and former executive officers were named as defendants in a putative state securities class action lawsuit filed in the Superior Court of the State of Delaware on January 30, 2020. The complaint alleged that defendants violated Sections 11 and 12 of the Securities Act of 1933. The complaint was filed on behalf of shareholders who purchased shares of the Company’s common stock in Mohawk Industries Retirement Plan 1 and Mohawk Industries Retirement Plan 2 between April 27, 2017 and July 25, 2019. On March 27, 2020, the court granted a temporary stay of the litigation. The stay may be lifted according to the terms set forth in the court’s order to stay litigation. The parties reached an agreement in principle to settle the lawsuit, which will be funded in full by Mohawk’s insurers, in exchange for the dismissal and a release of all claims against the defendants (the “Settlement Agreement”). The Settlement Agreement, which is subject to court approval, is without admission of fault or wrongdoing by defendants. The Company believes the allegations in the lawsuit are without merit.

Georgia State Court Investor Actions

The Company and certain of its present and former executive officers were named as defendants in certain investor actions, filed in the State Court of Fulton County of the State of Georgia on April 22, 2021, April 23, 2021, and May 11, 2022. Five complaints brought on behalf of purported former Mohawk stockholders each allege that defendants defrauded the respective plaintiffs through false or misleading statements and thereby induced plaintiffs to purchase Company stock at artificially inflated prices. The allegations are similar to those of the Securities Class Action. The claims alleged include fraud, negligent misrepresentation, violations of the Georgia Securities Act, and violations of the Georgia Racketeering and Corrupt Organizations statute. Plaintiffs in the investor actions seek compensatory and punitive damages. On June 28, 2021, defendants filed motions to dismiss each of the four complaints filed in April 2021 and answers to the same. On October 5, 2021, all four investor actions filed in April 2021 were transferred by the State Court of Fulton County to the Metro Atlanta Business Case Division, where fact discovery is ongoing. On January 28, 2022, the Court granted in part and denied in part the motions to dismiss the four actions filed in April 2021, dismissing the Georgia Securities Act claims as to all defendants, and the negligent misrepresentation claim as to the Company.

On May 19, 2022, the parties in the last-filed action filed a joint motion to transfer the investor action initiated on May 11, 2022 to the Metro Atlanta Business Case Division where the other four actions were and are pending. On August 2, 2022, this motion was granted and the last-filed investor action initiated on May 11, 2022 was transferred to the Metro Atlanta Business Case Division. On September 1, 2022, defendants in the last-filed investor action filed motions to dismiss the complaint filed on May 2022 and answers to the same. On November 16, 2022, plaintiffs in the last-filed investor action voluntarily dismissed the suit. The Company intends to vigorously defend against the claims in these actions.

Federal Investor Actions

The Company and certain of its present and former executive officers were named as defendants in three additional non-class action lawsuits filed in the United States District Court for the Northern District of Georgia on June 22, 2021, March 25, 2022, and April 26, 2022 (collectively, “Federal Investor Actions”), respectively. Each complaint is brought on behalf of one or more purported former Mohawk stockholders and alleges that defendants defrauded the plaintiffs through false or misleading statements and thereby induced plaintiffs to purchase Company stock at artificially inflated prices. The allegations are similar to those of the Securities Class Action. The federal law claims alleged include violations of Sections 10(b) and 18 of the Securities Exchange Act of 1934 and Rule 10b-5 promulgated thereunder by making materially false and misleading statements and that the officers are control persons under Section 20(a) of the Securities Exchange Act of 1934. The state law claims alleged include fraud, negligent misrepresentation, violations of the Georgia Securities Act, and violations of the Georgia Racketeering and Corrupt Organizations statute. Plaintiffs in the lawsuits seek compensatory and punitive damages and attorneys’ fees.

On December 13, 2021, defendants filed motions to dismiss the June 22, 2021 complaint. On July 6, 2022, defendants filed motions to dismiss the March 25, 2022 complaint. On July 27, 2022, defendants filed motions to dismiss the April 26, 2022 complaint. On August 9, 2022, defendants filed a motion to consolidate all three Federal Investor Actions for pre-trial purposes. On March 31, 2023, the court issued orders in each of the Federal Investor Actions granting in part and denying in part defendants’ motions to dismiss the three Federal Investor Actions, and granting defendants’ motion to consolidate the three Federal Investor Actions for pre-trial purposes. Defendants filed answers to each of the three complaints on April 14, 2023. The Company intends to vigorously defend against the claims asserted in the Federal Investor Actions.

Derivative Actions

The Company and certain of its executive officers and directors were named as defendants in certain derivative actions filed in the United States District Court for the Northern District of Georgia on May 18, 2020 and August 6, 2020, respectively (the “NDGA Derivative Actions”), in the Superior Court of Gordon County of the State of Georgia on March 3, 2021 and July 12, 2021 (the “Georgia Derivative Actions”), and in the Delaware Court of Chancery on March 10, 2022 (the “Delaware Derivative Action”). The complaints allege that defendants breached their fiduciary duties to the Company by causing the Company to issue materially false and misleading statements. The complaints are filed on behalf of the Company and seek to remedy fiduciary duty breaches occurring from April 28, 2017 to July 25, 2019. On July 20, 2020, the court in the NDGA Derivative Actions granted a temporary stay of the litigation. On October 21, 2020, the court entered an order consolidating the NDGA Derivative Actions and appointing Lead Counsel. Other shareholders of record jointly moved to intervene in the derivative actions to stay the proceedings. On September 28, 2021, the court in the NDGA Derivative Actions issued an order granting the request to intervene. On April 8, 2021, the court in the first-filed of the Georgia Derivative Actions granted a temporary stay of the litigation. On January 18, 2022, the Court in the NDGA Derivative Actions lifted the temporary stay of the litigation. On January 20, 2022, the court in the second-filed of the Georgia Derivative Actions entered an order on scheduling requiring defendants to file and serve their response to the complaint on February 21, 2022. On February 28, 2022, the court granted a stay of the Georgia Derivative Actions until the entry of a final judgment in the NDGA Derivative Actions and stipulating that the prevailing party in the NDGA Derivative Actions would be the prevailing party in the Georgia Derivative Actions. On April 6, 2022, the court granted a stay of the Delaware Derivative Action until the entry of a final judgment in the NDGA Derivative Actions and stipulating that the prevailing party in the NDGA Derivative Actions would be the prevailing party in the Delaware Derivative Action. On March 22, 2023, the temporary stay of the NDGA Derivative Actions expired. The Company intends to vigorously defend against the claims.

General

The Company believes that adequate provisions for resolution of all contingencies, claims and pending litigation have been made for probable losses that are reasonably estimable. These contingencies are subject to significant uncertainties and the Company is unable to estimate the amount or range of loss, if any, in excess of amounts accrued. The Company does not believe that the ultimate outcome of these actions will have a material adverse effect on its financial condition but could have a material adverse effect on its results of operations, cash flows or liquidity in a given quarter or year.

The Company is subject to various federal, state, local and foreign environmental health and safety laws and regulations, including those governing air emissions, wastewater discharges, the use, storage, treatment, recycling and disposal of solid and hazardous materials and finished product, and the cleanup of contamination associated therewith. Because of the nature of the Company’s business, the Company has incurred, and will continue to incur, costs relating to compliance with such laws and regulations. The Company is involved in various proceedings relating to environmental matters and is currently engaged in environmental investigation, remediation and post-closure care programs at certain sites. The Company has provided accruals for such activities that it has determined to be both probable and reasonably estimable. The Company does not expect that the ultimate liability with respect to such activities will have a material adverse effect on its financial condition but acknowledges that it could have a material adverse effect on its results of operations, cash flows or liquidity in a given quarter or year.

18. Debt

Senior Credit Facility

On August 12, 2022, the Company entered into a fourth amendment (the “Amendment”) to its existing senior revolving credit facility (the “Senior Credit Facility”). The Amendment, among other things, (i) extended the maturity of the Senior Credit Facility from October 18, 2024 to August 12, 2027, (ii) renewed the Company’s option to extend the maturity of the Senior Credit Facility up to two times for an additional one-year period each, (iii) increased the Consolidated Interest Coverage Ratio financial maintenance covenant from 3.00:1.00 to 3.50:1.00, (iv) eliminated certain covenants applicable to the Company and its subsidiaries, including, but not limited to, restrictions on dispositions, restricted payments, and transactions with affiliates, and the Consolidated Net Leverage Ratio financial covenant, and (v) increased the amount available under the Senior Credit Facility to \$1,950,000 until October 18, 2024, after which the amount available under the Senior Credit Facility will decrease to \$1,485,000. The Amendment also permits the Company to increase the commitments under the Senior Credit Facility by an aggregate amount not to exceed \$600,000.

At the Company’s election, U.S.-dollar denominated revolving loans under the Senior Credit Facility bear interest at annual rates equal to either (a) SOFR (plus a 0.10% SOFR adjustment) for 1, 3 or 6 month periods, as selected by the Company, plus an applicable margin ranging between 1.00% and 1.75% (1.13% as of April 1, 2023), or (b) the Base Rate (defined as the higher of the Wells Fargo Bank, National Association prime rate, the Federal Funds Effective Rate plus 0.5%, or SOFR (plus a 0.10% SOFR adjustment) for a 1 month period rate plus 1.0%), plus an applicable margin ranging between 0.00% and 0.75% (0.13% as of April 1, 2023). At the Company’s election, revolving loans under the Senior Credit Facility denominated in Canadian dollars, Australian dollars, Hong Kong dollars or euros bear interest at annual rates equal to either (a) the applicable benchmark for such currency plus an applicable margin ranging between 1.00% and 1.75% (1.13% as of April 1, 2023), or (b) the Base Rate plus an applicable margin ranging between 0.00% and 0.75% (0.13% as of April 1, 2023). The Company also pays a commitment fee to the lenders under the Senior Credit Facility on the average amount by which the aggregate commitments of the lenders exceed utilization of the Senior Credit Facility ranging from 0.09% to 0.20% per annum (0.11% as of April 1, 2023). The applicable margins and the commitment fee are determined based on whichever of the Company’s Consolidated Net Leverage Ratio or its senior unsecured debt rating (or if not available, corporate family rating) results in the lower applicable margins and commitment fee (with applicable margins and the commitment fee increasing as that ratio increases or those ratings decline, as applicable). On October 28, 2021, the Company amended the Senior Credit Facility to replace LIBOR for euros with the EURIBOR benchmark rate.

The obligations of the Company and its subsidiaries in respect of the Senior Credit Facility are unsecured.

The Senior Credit Facility includes certain affirmative and negative covenants that impose restrictions on the Company’s financial and business operations, including limitations on liens, subsidiary indebtedness, fundamental changes, future negative pledges, and changes in the nature of the Company’s business. The limitations contain customary exceptions or, in certain cases, do not apply as long as the Company is in compliance with the financial ratio requirement and is not otherwise in default. As described above, the Consolidated Net Leverage Ratio financial covenant was eliminated on August 12, 2022.

The Senior Credit Facility also contains customary representations and warranties and events of default, subject to customary grace periods.

In 2022, the Company paid financing costs of \$1,879 in connection with the Amendment of its Senior Credit Facility. These costs were deferred and, along with previously unamortized costs of \$2,663, are being amortized over the term of the Senior Credit Facility.

As of April 1, 2023, amounts utilized under the Senior Credit Facility included \$362,138 borrowings and \$19,951 of standby letters of credit related to various insurance contracts and foreign vendor commitments. Any outstanding borrowings under the Company’s U.S. and European commercial paper programs reduce the availability of the Senior Credit Facility. Including commercial paper borrowings, the Company has utilized \$1,325,099 under the Senior Credit Facility, resulting in a total of \$624,901 available as of April 1, 2023.

Commercial Paper

On February 28, 2014 and July 31, 2015, the Company established programs for the issuance of unsecured commercial paper in the United States and Eurozone capital markets, respectively. Commercial paper issued under the U.S. and European programs will have maturities ranging up to 397 and 183 days, respectively. None of the commercial paper notes may be voluntarily prepaid or redeemed by the Company and rank pari passu with the Company's other unsecured and unsubordinated indebtedness. To the extent that the Company issues European commercial paper notes through a subsidiary of the Company, the notes will be fully and unconditionally guaranteed by the Company.

The Company uses its Senior Credit Facility as a liquidity backstop for its commercial paper programs. Accordingly, the total amount outstanding under the Company's commercial paper programs may not exceed \$1,950,000 (less any amounts drawn on the Senior Credit Facility) at any time.

The proceeds from the issuance of commercial paper notes will be available for general corporate purposes. As of April 1, 2023, there was \$812,900 outstanding under the U.S. commercial paper program, and the euro equivalent of \$130,110 under the European program. The weighted-average interest rate and maturity period for the U.S. program were 5.38% and 20.3 days, respectively. Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

Overview

During the past three decades, the Company has grown significantly. Its current geographic breadth and diverse product offering are reflected in three reporting segments: Global Ceramic, Flooring North America (“Flooring NA”) and Flooring Rest of the World (“Flooring ROW”). Global Ceramic designs, manufactures, sources and markets a broad line of ceramic tile, porcelain tile, natural stone tile and other products including natural stone, porcelain slabs and quartz countertops, which it distributes primarily in North America, Europe, Brazil and Russia through various selling channels, which include company-owned stores, independent distributors and home centers. Flooring NA designs, manufactures, sources and markets its floor covering products, including broadloom carpet, carpet tile, carpet cushion, rugs, laminate, vinyl products, including luxury vinyl tile (“LVT”) and sheet vinyl, and wood flooring, all of which it distributes through its network of regional distribution centers and satellite warehouses using Company-operated trucks, common carriers or rail transportation. The Segment’s product lines are sold through various channels, including independent floor covering retailers, independent distributors, home centers, mass merchandisers, department stores, shop at home, online retailers, buying groups, commercial contractors and commercial end users. Flooring ROW designs, manufactures, sources, licenses and markets laminate, vinyl products, including LVT and sheet vinyl, wood flooring, roofing panels, insulation boards, medium-density fiberboard (“MDF”) and chipboards, which it distributes primarily in Europe, Russia, Australia and New Zealand through various channels, including independent floor covering retailers, independent distributors, company-owned distributors, home centers, commercial contractors and commercial end users.

Mohawk is a significant supplier of every major flooring category with manufacturing operations in 19 nations and sales in approximately 170 countries. Based on its annual sales, the Company believes it is the world’s largest flooring manufacturer. A majority of the Company’s long-lived assets are located in the United States and Europe, which are also the Company’s primary markets. Additionally, the Company maintains operations in Australia, Brazil, Malaysia, Mexico, New Zealand, Russia and other parts of the world. The Company is a leading provider of flooring for residential and commercial markets and has earned significant recognition for its innovation in design and performance as well as sustainability.

Due to its global footprint, Mohawk’s business is sensitive to macroeconomic events in the United States and abroad, including the impact of the COVID-19 pandemic. While the near-term economic and financial impact of the COVID-19 pandemic is unpredictable, the Company may continue to see fluctuating demand across a number of its markets. In addition, as a result of Russian military actions in Ukraine, the Company experienced supply chain disruption of raw materials sourced from Ukraine (primarily clay), as well as other materials and spare parts needed in the Company’s operations. The Company was also impacted by global increases in the cost of natural gas, oil and oil-based raw materials and chemicals that were among the broader consequences of Russia’s actions. In addition, the United States, the European Union and other governments have imposed and extended sanctions on Russia as well as on certain individuals and financial institutions and have proposed the use of broader economic sanctions. Russia also imposed reciprocal sanctions against the United States and the European Union. Since the first quarter 2022, the Company has suspended new investments in Russia. The broader consequences of this conflict, which may include further economic sanctions, embargoes, regional instability, and geopolitical shifts; potential retaliatory actions, including nationalization of foreign-owned businesses; increased tensions between the United States and countries in which the Company operates; and the extent of the conflict’s effect on the Company’s business and results of operations, as well as the global economy, cannot be predicted.

During 2022, rapid cost escalations in materials, energy, transportation and labor impacted the Company's profitability across all segments, and high inflation and rising interest rates affected new home construction and residential remodeling in most of the Company's markets. As consumers faced a higher cost of living, discretionary spending – including flooring purchases – declined; and, as a result, the Company's customers reduced inventories, which continued into the first quarter of 2023. Despite multiple pricing actions, improved product mix; productivity gains and cost containment measures, the Company did not completely offset inflation in the first quarter. Recently, material and energy prices have declined, which will benefit the Company's future results as the costs flow through the statement of operations. To further address energy price volatility, the Company has invested in renewable energy initiatives, which provide lower cost power to our facilities. During the first quarter, energy from the Company's biomass plants lowered its cost and benefited its results. During 2022, the Company took actions to enhance future performance including facility and product rationalizations, restructuring initiatives and workforce reductions. The Company has continued to reduce costs across the enterprise by enhancing productivity, streamlining processes, controlling administrative expenses and executing restructuring actions. The Company anticipates these global actions will deliver annual savings of approximately \$60 to \$65 million, with an estimated cost of approximately \$135 to \$140 million.

The Company believes it is well positioned with a strong balance sheet and limited debt. Based on its current liquidity and available credit, the Company is in a position to finance internal investments, acquisitions and/or additional stock purchases. For information on risks that could impact the Company's results, please refer to *Risk Factors* in Part I, Item 1A in the Company's 2022 Annual Report filed on Form 10-K.

During the first quarter of 2023, the Company acquired two ceramic tile businesses in Brazil and Mexico. During 2022, the Company completed five small, bolt-on acquisitions: a wood veneer plant in Romania; a sheet vinyl producer in Poland; a mezzanine flooring manufacturer in Germany; a nonwoven carpet and rug producer in the U.S.; and a commercial flooring trim and accessories business in the U.S.

In 2023, the Company plans to invest approximately \$570 million to complete existing projects and commence new initiatives. The Company plans to invest in cost reduction initiatives, upgrades in recent acquisitions, previously initiated expansion projects and general maintenance across the business. The primary investment areas include the Company's LVT portfolio to upgrade its product offering and improve profitability; premium waterproof laminate in North America and Europe; and quartz countertop and porcelain slab expansion in North America and Europe, respectively.

For the three months ended April 1, 2023, net earnings attributable to the Company were \$80.2 million compared to net earnings attributable to the Company of \$245.3 million for the three months ended April 2, 2022. The change in net earnings was primarily attributable to higher inflation; lower sales volume; unfavorable impact of temporary plant shutdowns; higher restructuring, acquisition and integration-related, and other costs; higher costs associated with investments in new product development and marketing costs and higher interest expense. The unfavorable impact of the aforementioned items was partially offset by the favorable net impact of price and product mix, productivity gains and lower taxes due to decreased earnings in 2023 compared to the prior year. The Company believes that a number of circumstances may impact trends in 2023, including the impact of inflation and material availability due to disruptions in the global supply chain, but the extent and duration of such impact cannot be predicted.

For the three months ended April 1, 2023, the Company generated \$257.3 million of cash from operating activities. As of April 1, 2023, the Company had cash and cash equivalents of \$572.9 million, of which \$383.2 million was in the United States and \$189.6 million was in foreign countries.

Interest expense

Interest expense was \$17.1 million for the three months ended April 1, 2023, reflecting an increase of \$5.6 million compared to interest expense of \$11.5 million for the three months ended April 2, 2022. The increase in interest expense was primarily due to a significant increase in interest rates, as well as acquisitions made in 2022 and first quarter of 2023.

Other (income) expense, net

Other income, net was \$0.6 million for the three months ended April 1, 2023, reflecting a favorable change of \$3.0 million compared to other expense, net of \$2.4 million for the three months ended April 2, 2022. The change was primarily attributable to the reversal of uncertain tax position recorded with the Emil acquisition of approximately \$7 million during the three months ended April 2, 2022, partially offset by the unfavorable net impact of foreign exchange rates of approximately \$4 million.

Income tax expense

For the three months ended April 1, 2023, the Company recorded income tax expense of \$28.9 million on earnings before income taxes of \$109.2 million, for an effective tax rate of 26.5%. For the three months ended April 2, 2022, the Company recorded income tax expense of \$61.4 million on earnings before income taxes of \$306.9 million, for an effective tax rate of 20.0%. The increase in the effective tax rate was primarily driven by the Company's geographic dispersion of profits and losses for the respective periods, the write-off of an income tax receivable no longer expected in the three months ended April 1, 2023 and an Italian benefit associated with the release of an uncertain tax liability in the three months ended April 2, 2022, partially offset by lower earnings before income taxes.

Liquidity and Capital Resources

The Company's primary capital requirements are for working capital, capital expenditures and acquisitions. The Company's capital needs are met primarily through a combination of internally generated funds, commercial paper, bank credit lines, term and senior notes and credit terms from suppliers.

Net cash provided by operating activities in the first three months of 2023 was \$257.3 million, compared to net cash provided by operating activities of \$55.0 million in the first three months of 2022. The increase of \$202.3 million in 2023 was primarily attributable to the change in accounts receivable and inventory, partially offset by change in accounts payable and lower net earnings.

Net cash used in investing activities in the first three months of 2023 was \$639.9 million compared to net cash used in investing activities of \$115.5 million in the first three months of 2022. The increase was primarily due to the increase in acquisition costs of \$520 million.

Net cash provided by financing activities in the first three months of 2023 was \$451.0 million compared to net cash provided by financing activities of \$9.0 million in the first three months of 2022. The change in cash provided by financing activities is primarily attributable to the higher net proceeds from the Senior Credit facility of \$357.4 million and lower share repurchase of \$306.6 million, partially offset by lower net proceeds from commercial paper of \$209.6 million.

As of April 1, 2023, the Company had cash of \$572.9 million, of which \$189.6 million was held outside the United States. The Company plans to permanently reinvest the cash held outside the United States. The Company believes that its cash and cash equivalents on hand, cash generated from operations and availability under its existing credit facilities will be sufficient to meet its capital expenditure, working capital and debt servicing requirements over at least the next twelve months. The Company continually evaluates its projected needs and may conduct additional debt financings, subject to market conditions, to increase its liquidity and to take advantage of attractive financing opportunities.

On February 10, 2022, the Company's Board of Directors approved a new share repurchase program, authorizing the Company to repurchase up to \$500 million of its common stock (the "2022 Share Repurchase Program"). As of April 1, 2023, there remained \$229.2 million authorized under the 2022 Share Repurchase Program.

See Note 18, *Debt*, of the notes to the Condensed Consolidated Financial Statements included in Part I, Item 1 of this Form 10-Q for further discussion of the Company's long-term debt. The Company may continue, from time to time, to retire its outstanding debt through cash purchases in the open market, privately negotiated transactions or otherwise. Such repurchases, if any, will depend on prevailing market conditions, the Company's liquidity requirements, contractual restrictions and other factors. The amount involved may be material.

Contractual Obligations

There have been no significant changes to the Company's contractual obligations as disclosed in the Company's 2022 Annual Report filed on Form 10-K except as described herein.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

As of April 1, 2023, approximately 33% of the Company's debt portfolio was comprised of fixed-rate debt and 67% was floating-rate debt. A 1.0 percentage point increase in the interest rate of the floating-rate debt would have resulted in an increase in interest expense of \$5.5 million for the three months ended April 1, 2023.

There have been no significant changes to the Company's exposure to market risk as disclosed in the Company's 2022 Annual Report filed on Form 10-K.

Item 4. Controls and Procedures

Based on an evaluation of the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended), which have been designed to provide reasonable assurance that such controls and procedures will meet their objectives, as of the end of the period covered by this report, the Company's Chief Executive Officer and Chief Financial Officer have concluded that such controls and procedures were effective at a reasonable assurance level for the period covered by this report.

There were no changes in the Company's internal control over financial reporting that occurred during the period covered by this report that materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION**Item 1. Legal Proceedings**

The Company is involved in various lawsuits, claims, investigations and other legal matters from time to time in the regular course of its business. Except as noted elsewhere in this report, there are no material legal proceedings pending or known by the Company to be contemplated to which the Company is a party or to which any of its property is subject.

See Note 17, *Commitments and Contingencies*, of the notes to the Condensed Consolidated Financial Statements included in Part I, Item 1 of this Form 10-Q for a discussion of the Company's legal proceedings.

Item 1A. Risk Factors

There have been no material changes in the Company's risk factors from those disclosed in Part I, Item 1A to the Company's Annual Report on Form 10-K for the year ended December 31, 2022. The risk factors disclosed in these reports, in addition to the other information set forth in this report, could materially affect the Company's business, financial condition or results.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

On February 10, 2022, the Company's Board of Directors approved a new share repurchase program, authorizing the Company to repurchase up to \$500 million of its common stock (the "2022 Share Repurchase Program"). In the first quarter of 2023, the Company did not purchase any of its common stock. As of April 1, 2023, there remained \$229.2 million authorized under the 2022 Share Repurchase Program.

Under the 2022 Share Repurchase Program, the Company may purchase common stock in open market transactions, block or privately negotiated transactions, and may from time to time purchase shares pursuant to trading plans in accordance with Rules 10b5-1 or 10b-18 under the Exchange Act or by any combination of such methods. The number of shares to be purchased and the timing of the purchases are based on a variety of factors, including, but not limited to, the level of cash balances, credit availability, debt covenant restrictions, general business conditions, regulatory requirements, the market price of the Company's stock and the availability of alternative investment opportunities. No time limit was set for completion of repurchases under the 2022 Share Repurchase Program and the 2022 Share Repurchase Program may be suspended or discontinued at any time.

The following table provides information regarding share repurchase activity during the three months ended April 1, 2023:

Mine Safety Disclosure

The following disclosures are provided pursuant to Section 1503(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Act”) and Item 104 of Regulation S-K, which requires certain disclosures by companies required to file periodic reports under the Securities Exchange Act of 1934, as amended, that operate mines regulated under the Federal Mine Safety and Health Act of 1977 (the “Mine Act”).

Mine Safety Information

Whenever the Federal Mine Safety and Health Administration (“MSHA”) believes a violation of the Mine Act, any health or safety standard or any regulation has occurred, it may issue a citation which describes the alleged violation and fixes a time within which the U.S. mining operator must abate the alleged violation. In some situations, such as when MSHA believes that conditions pose a hazard to miners, MSHA may issue an order removing miners from the area of the mine affected by the condition until the alleged hazards are corrected. When MSHA issues a citation or order, it generally proposes a civil penalty, or fine, as a result of the alleged violation, that the operator is ordered to pay. Citations and orders can be contested and appealed, and as part of that process, may be reduced in severity and amount, and are sometimes dismissed. The number of citations, orders and proposed assessments vary depending on the size and type (underground or surface) of the mine as well as by the MSHA inspector(s) assigned.

The following table includes information required by the Act for the three months ended April 1, 2023.

Mine (Federal Mine Safety and Health Administration (MSHA) ID)	Total # of Significant & Substantial violations under §104(a)	Total # of orders under §104(b)	Total # of unwarrantable failure citations and orders under §104(d)	Total # of violations under §110(b) (2)	Total # of orders under §107(a)	Total dollar value of proposed assessments from MSHA (\$ in thousands)	Total # of mining related fatalities	Received Notice of Pattern of Violations under §104(e) (yes/no)?
